**To the recommender:** The purpose of the Motvation Ministry Scholarship Program is to identify and encourage young Christian artists and athletes who profess a desire to continue growing in their Christian faith and developing their God-given talents as they go about pursuing higher education; student's who believe they are called to use these gifts and talents either professionally or avocationally to further the "promotion of positive life choices" among their peers. Our ministry seeks to provide both financial support and mentor associations for these artists and athletes as they encounter the challenges of this dual path while in college.

This form and the questions on the back must be completed by a teacher, coach, clergy, or other ministry leader who can speak to the applicant's spiritual motivation and journey and/or the applicant's artistic or athletic talent. Use and attach additional pages if necessary. Please write very legibly or type your recommendation.
